

**Noah Patel**  
**DevOps Engineer | CI/CD & Cloud Infrastructure Expert**

**Professional Summary**

DevOps Engineer with a strong background in continuous integration, continuous deployment, and cloud infrastructure management. Proficient in Docker, Kubernetes, and AWS. Skilled in optimizing deployment pipelines, ensuring smooth system operations, and driving efficiency through automation in cloud environments.

---

**Core Competencies**

- **Continuous Integration and Deployment (CI/CD)**
  - **Cloud Infrastructure Management (AWS, Azure)**
  - **Containerization (Docker, Kubernetes)**
  - **Agile Development Methodologies**
- 

**Professional Experience**

**DevOps Engineer**

***XYZ Technologies | 2019–Present***

- Designed and maintained CI/CD pipelines, automating software delivery for faster deployment cycles.
- Managed AWS cloud infrastructure, optimizing resources and reducing costs by 20%.
- Worked closely with development teams to ensure seamless integration between applications and cloud services.
- Implemented containerization strategies using Docker and Kubernetes to streamline application deployment and scalability.

**Junior DevOps Engineer**  
***PQR Startups | 2017–2019***

- Assisted in setting up and managing cloud infrastructure on AWS and Azure.
  - Developed automation scripts for system monitoring and configuration management.
  - Supported the deployment of containerized applications using Docker, improving scalability and efficiency.
- 

**Education**

**Bachelor of Science in Computer Science**  
***YZ University | 2015–2019***

---

**Certifications**

- **Certified DevOps Engineer (CDE) – [Year of Certification]**
  - **AWS Certification – [Year of Certification]**
- 

**Languages**

- **English (Fluent)**
- **Hindi (Fluent)**
